

**Cowboy Moving
& Storage, Inc.**
Serving Colorado

*"...I am writing to commend your company and moving crew They arrived promptly, introduced themselves then went right to work. They exhibited care and skill when dealing with our antique furniture that we dearly prize. We will gladly recommend Cowboy Moving & Storage to family and friends."
- Elizabeth L.*

Storage ...

Cowboy Moving & Storage, Inc.

Helping Denver Families Move Since 1968

For the times when the dates just don't work, we offer a variety of Storage Services.

From mini-storage, container storage to load and hold trailers, we have options to fit your schedule and budget. If you only need a few days to get into your new residence ask about our Load and Hold Trailer Storage. You may save yourself time, money and stress with our convenient storage options.

We offer three primary types of storage for our clients:

- ◆ **Load and Hold Trailers** - With a Load and Hold we can pack up your current residence or office and hold your items on a Trailer. The Trailer will be parked at our secure storage location in Englewood.
- ◆ **Container Storage** - With Container Storage, Cowboy Moving & Storage picks up your items at your location with a complete inventory. The items are then brought back to the main storage location in Englewood where they are carefully protected and packed into a wooden container. Each container is approximately 7' x 6' x 7' and will hold about 1,500 lbs each.
- ◆ **Mini-Storage** - At the Englewood location we also have indoor Mini-Storage. Cowboy Moving & Storage, Inc. can pick up your items and unload them at our 10' x 20' storage units or the customer can do their own loading and unloading.

All of our storage options are reasonably priced and designed to provide our clients with the flexible services to make the moving experience easier. All of our storage is located at our 5-acre storage facility in Englewood on South Santa Fe. This location is secured with a locked gate, metal fencing with barb-wire top, multiple digital security cameras, alarmed building and separate wireless alarms on the Load and Hold Trailers.
